Silent, Houghton and Campbell, while Messrs. S. M. White, Graves, O'Melveny and Shankland appeared for the defendant.

At the time of the discovery of the Edelman frauds, a number of other warrants were brought to light which had been paid by County Treasurer J. W. Broadhead, but which had never been authorized, eight of these amounting to \$5474, and five others which had been raised from small sums, until they were worth \$278.80, from the basis of the suit, which was brought against the defendant, Lankershim as one of the sureties on Broadhead's official bond.

A. Cheney, Esq., and the defendant by Messrs. Wells, Monroe and Lee, C. C. Stephens and G. J. Denis.

The defense moved the Court for a continuance on the ground of the absence of a material witness, but the motion was denied.

BROKE HIS LEG.
Newsboy Seriously Hurt by Being Thrown from a Cable Car.

At 5:30 o'clock yesterday afternoon Arthur Case, a little newsboy, met with a painful accident on the corner of Spring and First streets.

The little fellow attempted to board a cable car on the curve, and was thrown violently to the street. When he was picked up it was found that his right leg was broken near the hip.

He was taken to the receiving hospital, when his injuries were looked after by Dr. Bryant.

He will be confined to his bed a month or six weeks. This is one of the most dangerous curves in the city, and people cannot be too careful in getting on or off the cars while in motion at this point. The cable company has posted up notices warning passengers not to attempt to board or leave the trains until they come to a full stop, and the conductors try to enforce this rule, but there are always people who insist on taking chances, sometimes with disastrous results.

Room for a Shoe Factory.
The Hide and Leather Review, a prominent trade journal published in Chicago, prints a letter received from the Los Angeles Chamber of Commerce through its secretary, calling attention to the fact that there are no shoe factories in Los Angeles, nor, so far as known, south of San Francisco, nor East, short of New Orleans, leaving a vast extent of open territory, with a population of over a million people, open to the establishment of the shoe industry.

MANY ATTRACTIONS.
Much to Please the Eye and Make Glad the Heart.

Very little money goes a long way at Mo-zart's Millinery Store.

Depend upon it, we are carrying the largest and the finest millinery stock in Los Angeles. We pay strict attention to every detail. Our trimming styles, our goods, our latest. "Look about a bit" and you will soon see that we are the POPULAR MILLINERS, and why? Because our goods are the latest designs and our prices are the lowest.

We buy millinery direct from the makers, not from San Francisco nor from Chicago, but from the eastern manufacturers and European importers.

One more reason why. Because we deal exclusively in millinery and buy only for cash, not thirty days or 60 days, but spot cash. If we can't sell fine millinery cheap no one can.

We beg to announce a large lot of Flowers high-class grades at unusual low prices to close a job lot of a maker.

After suffering for years with stomach trouble I was at last induced to try Dr. Wong Him, of No. 69 Upper Main street, Los Angeles. He examined me and pronounced my trouble tumor in the stomach. After two months' treatment, during which time I felt greatly relieved and benefited, he pronounced me entirely cured, and from that time to this I have not felt the least return of my trouble. I am able to eat many things which formerly would distress me very much. Therefore I feel that I can do nothing else than to recommend the doctor to all who can be induced to try him. I hereby extend him my most heartfelt thanks for his kind and efficient treatment.
